Yaniv Kabariti
FULL STACK WEB DEVELOPER

Profile

My name is **Yaniv Kabariti**. i am a junior Web Developer specializing in full stack web development.

i am well-versed in the following programming languages and technologies :
JavaScript , HTML , CSS , Bootstrap , ReactJS , Redux , Node.js , Mongoose , Express.

I have a strong passion for programming. I am hardworking and dedicated, autodidact, eager to learn, develop and apply new technologies. Looking for my foothold in the world of programming.

Education

Full Stack Web Developer, Kernelios

APRIL 2021 — JULY 2021

Programming Languages and Skills:

- **HTML**
- **CSS:** using Bootstrap, MUI.
- **JavaScript**
- **React:** using Redux, Context & Hooks.
- **NodeJS:** using MongoDB, Mongoose, express.

Programming Experience - My Projects

Cinema Management

JUNE 2021 — JULY 2021

A Movie Management Site.

It built with **Reactjs, Javascript, CSS** alongside with MUI, and **Nodejs, MongoDB** platforms along with **mongoose.**

Using the project requires an account to sign-in with.

Admin can create users with a username but no password, which later needs to be filled-in to create an account.

Allows user management; create, update, delete; user permission allocation, and restrictions on how long they can use the site. --To Github--

Students WebSite

MAY 2021 — JUNE 2021

A Students Information Management Project.

It built with **HTML , CSS , JavaScript** and **Node.js, MongoDB** platforms along with **mongoose.**

Allows see student personal details and grades , create , update and delete students and them grades separately. --To Github--

My Portfolio Site

My Portfolio Project , built with **HTML , CSS & JavaScript**

Link to my portfolio in the links tab on the right. --To GitHub--
